Certification scheme 3 according to the ČSN EN ISO/IEC 17067 including sampling and testing of product samples and factory production control assessment and surveillance by FPC assessment and testing of samples taken at the factory.

Certification Body confirms by this certificate that:

- performances of the product sample have complied with requirements of technical specification: EN 14411 ed.2:2013 – Ceramic tiles – Definitions, classifications, caractéristiques et marquage, Annex K, tabelle K1, group BIII
- factory production control complies with relevant technical documentation and ensures that products put on the market meet the requirements given in the technical specification mentioned above.

This certificate refers to the Report of the Product Certification No. 030-053309 of July 1st, 2016, issued by Technical and Test Institute of Construction Prague – branch-office Prague, which has been handed over to the applicant. The report includes the conclusion of the findings and terms of validity of the certificate.

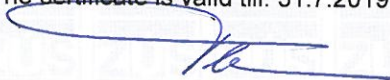

This certificate was issued within flexible scope of accreditation.

The certificate has 1 annex (1 page), that is to be considered an integral part of this certificate.

Plzeň, 1.7.2016

The certificate is valid till: 31.7.2019

Ing. Alexander Trinner
Deputy Manager of the certification Authority
