

CL 804

Cleaning agents

Cleaning agent for a high gloss of bathrooms

APPLICATION:

The product CL 804 is a guarantee of perfectly polished bathroom! This product is suitable for cleaning of tiled surfaces, basins, shower boxes, basin mixers, external parts of toilet bowls, and the like. The product easily removes stains and scale deposits, contains gloss, which inhibits surface contamination, and improves a long-term appearance of polished and chrome-plated surfaces. The product is not suitable for surfaces with no acid resistance.

COMPOSITION:

> 30% of water, 5-15% of non-ionic surfactant, <5% of anionic surfactant, citric acid, phosphonates, acrylate copolymer, Parfum, benzyl alcohol, and colouring agent.

PROCESSING:

The product is to be used in a concentrated state, or only slightly diluted (in case of its daily use and small contamination). The product is applied using a spray. It can also be applied as a foam. After application to walls, washbasins, etc., leave the product for a while, then wipe it off with a micro-fibre cloth. Finally, rinse the surface thoroughly with clean water. The product should not get dry on the surface.

CAUTION:

- Before using this product, please read the instructions for use carefully, and follow the manufacturer's instructions.
- Avoid contact with skin and eyes, and work in a well ventilated area.
- When working, do not smoke, drink, or work near children.
- It is appropriate to use safety goggles or face shield, and protective gloves.
- After dilution of the product to less than 30% solution, the product does not fall under the classification of hazardous chemical substances.
- Unused residues and contaminated containers should be disposed as of hazardous wastes (see the Safety Data Sheet).
- Only completely emptied and clean packaging may be handed over for recycling.

FIRST AID:

In the event of health problems, or if in doubt, contact your doctor. If unconscious, place the victim in the recovery, side position with the head slightly tilted back, establish a clear airway, and never induce vomiting. If inhaled, leave the contaminated workplace, and act upon symptoms. In contact with skin, take off contaminated clothing, and rinse the skin with clean water and soap. Apply an appropriate cream to irritated places. After eye contact, rinse with clean water for at least 15 minutes, possibly with forcibly opened eye lids, then seek medical advice. If swallowed, rinse mouth with water (only if the victim is conscious); never induce vomiting. Do not drink water. If the symptoms of any affection (irritation) caused by contact with the product do not subside after providing first aid, seek medical advice.

SAFETY AND HYGIENE REGULATIONS: Warning symbol: Xi irritant

R 36/37/38	Irritating to eyes, respiratory system and skin.
S 2	Keep out of the reach of children.
S 23	Do not breathe vapours.
S 24/25	Avoid contact with skin and eyes.
S 26	In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.
S 46	If swallowed, seek medical advice immediately and show this container or label.
