Všechny výrobky celé série vykazují velké odchylky odstínové difference V3. | All products of the entire batch show big deviations in shade difference V3.

Před pokládkou doporučujeme jednotlivé obkládové prvky vybírat z několika kartonů a výslednou plochu komponovat podle inspirativní fotodokumentace z katalogů RAKO případně z webových stránek www.rako.cz. Žádoucí je kombinace všech jednotlivých designů obkládových prvků včetně jejich natáčení o 90° nebo 180° tak, aby bylo dosaženo vyváženého vzhledu obkládané plochy.

Before laying the tiles, we suggest you selectb from several cartons and arrange them as illustrated in the inspiration photo documentation in RAKO catalogues or website www.rako.eu, and mix the tiles to achieve the required result including turning them by 90° or 180°.
