

Die Serie POOL bietet umfassende Lösungen für Außen- und Innenschwimmbekken sowie einen durchdachten Funktionsaufbau der Produkte. Sie bietet zudem auch verschiedenste Formstücke nicht nur für Schwimmbekken, sondern auch für technische Anlagen und die angrenzenden Bereiche. Das Sortiment basiert sowohl im Format als auch in der Farbe auf der Serie ColorTWO. Die rutschhemmenden Oberflächen entsprechen den festgelegten Eigenschaften der Normen und Vorschriften.

„Poolkollektion mit Fokus aufs Detail.“

The POOL series offers a comprehensive solution for outdoor and indoor swimming pools, a sophisticated functional product mix including shape-intensive supplies not only for swimming pools but for technical facilities and their adjacent areas as well. The assortment follows the basic ColorTWO product range. The anti-slip surfaces meet the properties defined by standards and regulations.

„Pool collection focused on the detail.“
